Chaerin Min

818, ITBT Hall
Hanyang University
South Korea

chaerinmin@hanyang.ac.kr

EDUCATION

Hanyang University (HYU), Seoul, South Korea — Sep. 2021 – Present

M.S. in Computer Science
Advisor : Prof. Jongwoo Lim
GPA 4.5/4.5

University of Seoul (UOS), Seoul, South Korea — Mar. 2017 – Aug. 2021

B.S. in Electrical and Computer Engineering,
GPA 4.3/4.5 (ranked 2/64)

RESEARCH INTERESTS

- Computer Vision, Deep Learning
- 3D Reconstruction, Meta-Learning, Optical Flow, Domain Adaptation, Event Camera,

PUBLICATIONS

Chaerin Min, Taehyun Kim, Jongwoo Lim, "Meta-Learning for Adaptation of Deep Optical Flow Networks", Winter Conference on Applications on Computer Vision (WACV), 2023 (accepted)
[acceptance rate 30%]

RESEARCH EXPERIENCE

***Research Assistant* at Computer Vision Lab., Hanyang University** — Sep. 2021 – Present

- Volumetric Environment Reconstruction Formulation Fused with Geometric Information
  -Researched on 3-dimensional Scene Modelling with Neural Radiance Fields

- Meta-learning Algorithm for Fast Adaptation in New Domains
  - Played a key role in developing the algorithm

- Robust Pose Estimation and 3D Reconstruction Algorithm by Fusing Event Camera, IMU, and Deep Learning in Extreme Conditions.
  - Developed optical flow estimation network with deep learning and event camera

.

***Research Intern* at Machine Learning and Vision Lab., Korea University** — Jan. 2021 –Feb. 2021

- 3D semantic vision
  -Reproduced a 3D detection model from scratch

***Research Intern* at Intelligent Media Lab., Korea University** — Jun. 2020 – Aug. 2020

- Low-Level Vision
  -Learned deep learning, super resolution, and image enhancement

PROFESSIONAL EXPERIENCE

Multipleye Co., Seoul, Korea
Intern Aug. 2021 – Aug. 2021

- Prototyped a learning method for estimating motion using events

TEACHING EXPERIENCE

- *Graduate Teaching Assistant*, Graduate School of Applied Artificial Intelligence, Hanyang University

  Mar. 2022 – Aug. 2022

  - Computer Vision (Spring 2022)

- *Undergraduate Tutor,* College of Liberal Arts and Cross-Disciplinary Studies, University of Seoul
  - Sep. 2019 – Dec. 2019

  - CalculusⅡ (Fall 2019)

AWARDS & HONORS

- *BrainKorea21*, National Research Foundation of Korea, Korea (Sep. 2021 – Dec. 2022)
- *ISEP Exchange*, ISEP, United States (Jan. 2020 – Jun. 2020)
- *Scholarship for Excellent Achievement*, University of Seoul, Korea (Sep. 2019 – Dec.2019)
- *Scholarship for Undergraduate Tutors,* University Innovation Support Project, Korea (Sep. 2019 – Dec. 2019)
- *Merit-based Seongnam Scholarship for high school students*, Seongnam Scholarship Foundation, Korea (2016)

PATENTS

- "Learning method, learning device for estimating results of pose variation of camera using time series e vents and testing method, testing device using the same", C. Won, **C. Min**, H. Seok, KR-Registration No. 10-2372988

OTHER EDUCATIONAL BACKGROUND

Louisiana State University (LSU), LA., United States Jan. 2020 – Jun. 2020

Exchange Student in Electrical and Computer Engineering

EXTRACURRICULAR ACTIVITIES

- Asia Pacific Youth Exchange Aug. 2019 – Aug. 2019
  - Promoted sustainable development goals and multiculturalism in local communities
- Volunteer: Disability Services at Louisiana State University Jan. 2020 – May. 2020
- Languages: Korean, English
